Office Administrator	Kelli Ewing
Administrative Assistant	Christina Harris

BUDGET MESSAGE

Fiscal Year 2024-2025

To the members of the Board, the Budget Committee and the citizens of the Hoodland Fire District #74, the recommended annual budget for the fiscal year beginning July 1, 2024, and ending June 30, 2025, is presented as required by ORS 294.426 for your consideration.

You, as the Budget Committee, have the right to make changes to any section of this proposed document before you approve it. The Board of Directors cannot vary any appropriations by more than 10% in any fund without the entire Budget Committees approval.

The Fire District continues to trend in a positive direction; and I am encouraged by the efforts of the board and staff. The budget for FY 2023-24 saw the district able to continue to restore some of the cuts made in the years prior and this year's budget continues that trend. As before, rising personnel costs and saving for future needs remain the district's biggest concerns. Regardless, we were able to address the Capital reserve funds, pay off our C800 Motorola debt and hire an additional line firefighter with the assistance of a State Fire Marshal's grant for staffing. I am pleased to present this year's budget, balanced and in my opinion continuing to position the district for future success.

The FY 2024-25 budget includes several projects including:

- Funds for an additional Firefighter/Paramedic giving the district 8.
- Grant funds for summer severity staffing.
- Funds to replace one Apparatus and refurbish another in the reserve account.
- Additional deposit into the Capital Facilities and Equipment account.
- Funds for the architectural and consulting services for a new fire station.
- Continued funding for assistance with community Firewise efforts.

The district's staff has worked very hard this year to present a budget that will meet the service needs of the district's taxpayers, while keeping overall costs down. This year's budget includes several large projects and reflects the expenditure/reserve of a significant amount of grant funds. The proposed budget for the Hoodland Fire District for FY 2024-25 is balanced at \$8,054,547.

The Fire District uses three funds to track resources and expenditures: The General Fund, Apparatus Reserve Fund, and the Facilities and Firefighting Equipment Reserve Fund. Additionally, the district has a local option levy to support operations.

GENERAL FUND

The General Fund is used to record financial transactions of the Fire District as it relates to providing emergency medical service, fire suppression, fire prevention and administration of the Fire District. Tax revenues, cash carryforward, Local Option taxes and grant awards are the main sources of

revenue for this fund. The General Fund makes up approximately 76% of the total budget at \$6,094,503.

Personnel Services make up a large portion of the General Fund at approximately 50% and include wages and benefits for the district's full-time employees. Materials and Services, Contingency, UEFB and transfers to reserves make up the other 50% of the General Fund.

LOCAL OPTION LEVY

The tax revenue received from a local option levy must be utilized only for the purpose for which it was approved in the ballot measure. The current five-year Local Option Levy was established to ensure 24-hour response by career firefighter/paramedics and Chief Officers and to assist the community with Firewise activities and was approved beginning the FY 2019-20 and reapproved in November of 2023. The Local Option Levy Fund makes up approximately 5% of the general fund budget.

CAPITAL RESERVE FUNDS

The Capital Reserve Funds are a type of special fund that is used to save for (reserve) and record resources and expenditures needed to finance the building or acquisition of capital projects that are nonrecurring major expenditure items.

Resources can include the proceeds of General Obligation Bonds, Local Option Taxes, Grants and/or other revenues to include transfers authorized for financing capital projects. The district currently has two capital reserve funds, Apparatus and facilities and firefighting equipment reserve funds.

Current capital or maintenance items included in this year's budget include:

- Budgeted funds for consultation and architectural services for a new District main station.
- Budgeted funds for the replacement of the district's type 3 engine.
- Budgeted funds for the refurbishment of engine 352.
- Budgeted for painting and maintenance projects at the district's facilities.

The two Capital Funds make up the remaining 24% of the total budget at \$1,960,044.

In conclusion, this proposed budget meets all federal and state mandates as well as local obligations. We believe this budget will allow the district to continue to enhance service to our community in the fiscal year 2024-2025. The revenue projections used to develop this budget are conservative to assure that revenue expectations are met, while the expenditures are based upon current actual expenditures and projections. I would like to publicly thank the entire staff for their help in preparing this budget; it was a team effort with input by all members of the district and special thanks to the members of the Budget Committee for their time and effort in considering this budget.

James Price
Fire Chief/Budget Officer

STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING *

Hoodland Fire District #74 had anticipated changing from Cash Basis of Accounting to Modified Accrual. After recommendation from our CPA consultant the decision to remain Cash Basis was made. This change was noted in the District's Budget Message and communicated to the Budget Board at the first Budget Committee Meeting.
